

## Event on Navigating Startups Ideas beyond Academics on 16.5.2023 at the Seminar Hall -I

JSSATE-STEP, Bengaluru organised an event on “Navigating Startups Ideas beyond Academics” with The Institution of Engineering and Technology – IET on 16<sup>th</sup> May 2023 at the Seminar Hall-1 for JSSATE students. Around 200 students from all the departments attended the event. We had Mr. Amitabh Sinha, Co-founder and Chief Strategy officer, IET, DIISHA, NHEV and Ms. Harshal Rajesh, Young Professional secretary at Chennai local network as speakers for the event. The programme started with an Inaugural function attended by Principal, Dean, HOD’s of various departments, AO, Section Heads and the students.

Ms. Harshal Rajesh addressed the gathering and informed about her journey In IET. She told about IET , the student membership with IET and how after registering with IET her life changed for the better with lots of opportunities to travel all around the world, meeting top people in the Startup companies and how she was also benefited and got scholarship for pursuing M.S abroad. She also answered all the students’ queries.

Next Mr. Amitabh Sinha addressed the gathering and spoke about IET –The Institution of Engineering and Technology, his experience in IET and explained about the structured programmes available at IET for navigating towards Entrepreneurship and Startups and the benefits of joining IET. He also explained how the students can think beyond academics and start thinking about starting something on their own. He urged the students to take up student membership at IET as they have structured programmes and all the other mentoring and support systems available. He also interacted with the students and answered their queries.

The programme ended with Vote of thanks to one and all.
